TODDLE FAMILY APP SETUP GUIDE

Toddle Family App

At Bethany we use the Toddle Family App as our learning management system

We use Toddle Family App for:

- Direct communication between parents and the classroom teacher
- Classroom announcements and information
- Wellbeing and behaviour information
- Access to school policy

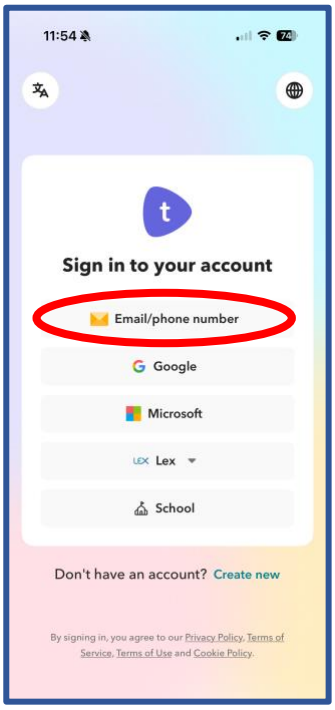

Please follow the steps in this guide to get set up so that you can stay in touch with your students learning and receive the right information from your children's teachers. If you don't have a smart mobile device, you can access the platform at web.toddleapp.com (use the Family account button)

Download on the App Store

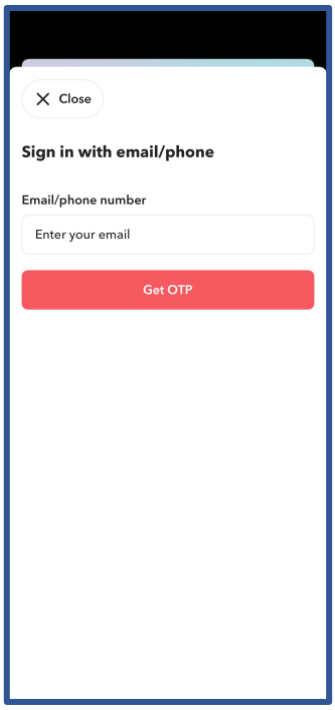

GET IT ON Google Play

Step 1: Download and Open Toddle Family app

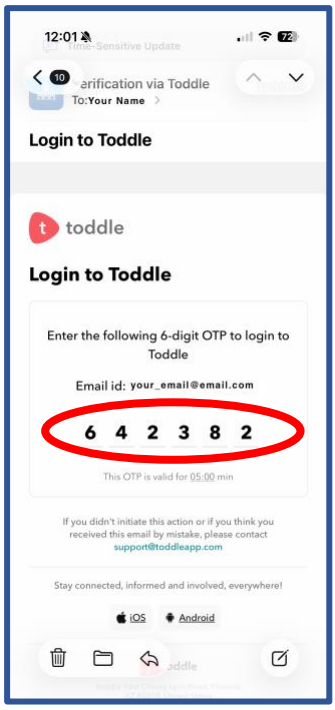

- Scan the Apple or Google QR on the right or search for "Toddle Family" in your App Store

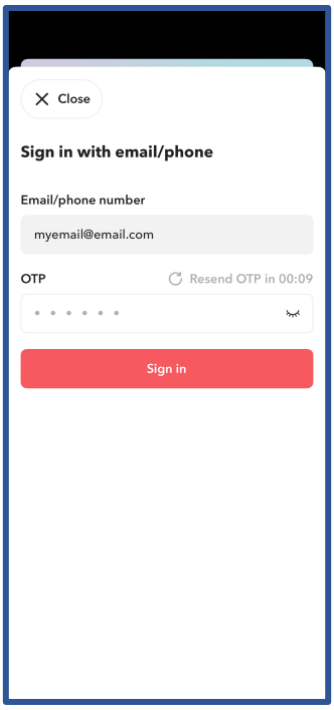

Step 2:
Open the Toddle Family App and select the Email option.

Step 3:
Sign into Toddle Family App using your Email
(must be the same email you use for School Communication)

Step 4:
Access the OTP (One time password) from your email account.
(This will time out if you leave it for too long. Check Junk folder if necessary.)

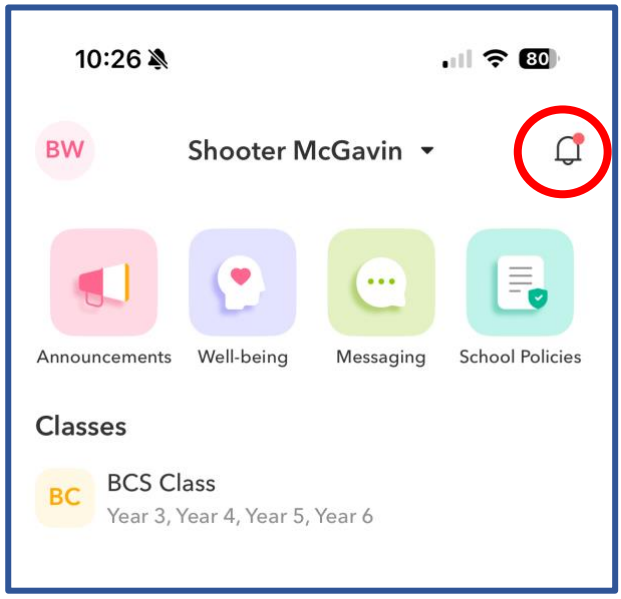

Step 5:
Enter OTP in the Toddle Family App.
The App is now ready to use!

Toddle Family App Dashboard

You will have buttons for different types of information/communication:

Announcements: Class information from your child's teachers
Messaging: For one-on-one conversations with your child's teachers
School Policies: Access to school policies
Well-being: Well-being and behaviour information related to your child

Customise your notifications:
You can use the Notifications menu to choose what notifications you would like to receive.

Well-being section

The Well-being module is used to record any behaviour incidents that occur throughout the day. This aligns with our new behaviour system.

Merit: Celebrates positive behaviours aligned with our school badge system and rights and responsibilities.

Reset: A reset is a process of restoration, enabling students to Regulate, Reflect and Restore.

Well-being notifications will be delivered from the Toddle app and the show up in the 'Published' tab until the incident has been resolved.
