

# Year 5 Businesses

Our Year 5 students are taking part in an 'Impact' project.

Groups of students have come together to find a way to support a cause that they care about.

Medical, Homelessness & Poverty are some of areas where our students want to have a positive impact.

Each group is running their own business **in week 4 this term (next week)** in order to raise funds to support their chosen charity.

There will be 19 businesses running during the week. Costs of items range from \$0.50 - \$3.

The student created businesses will be in the Undercover area outside the staffroom at lunch times to allow JP & UP students the opportunity to purchase items.

Thank you for supporting our students and giving them the opportunity to understand that they really can have a positive impact on our world!

## Businesses:

Hotdogs	\$3	The Prize Guys	\$1
